<b>11:00 PM</b>	<b>CURFEW</b>	-

All times and race lineups are subject to change without notice.

## **VIRTUAL DRIVERS MEETING – MOST OF YOUR QUESTIONS ARE ANSWERED HERE**

### 1) SANDBAGGING

- a) The breakout time will be announced after qualifying completes. We highly suggest you do not “save” any during qualifying. You breakout when you turn any 2 laps faster than your breakout time.
- b) HEAT RACE PENALTIES FOR BREAKING OUT
  - i) Your race is over, please proceed with caution while exiting the track.
- c) FEATURE RACE PENALTIES
  - i) Instant Disqualification – If you go faster than the fastest car in your race’s breakout time. Your race is over, please proceed with caution while exiting the track.
  - ii) Drive Through Penalty – If you breakout but your breakout time was less than the fastest cars breakout time; you will drive through the inner pit safety road and rejoin the back of the field. Your new breakout time will be the fastest cars breakout time.
- d) SCRATCHING YOUR TIME: You may elect the tail of your race which will reset your breakout time to the fastest cars time in that race.

### 2) RACECIEVER

- a) On normal nights we will allow the occasional dead battery. If all you hear is static, that is a dead battery. Raceciever batteries go dead fast so be sure to put a new one in before you go on the track to avoid being sent to the pits.
  - i) If we are trying to talk to you and you do not respond we will pull you down on the front stretch for a receiver check. If you cannot tell us the random number, you will be sent to the pits.
- b) FREQUENCY: 454.000

### 3) EXITING THE TRACK

- a) IF PARKED IN THE MIDDLE
  - i) Get down to the bottom of the track up against the inside wall and enter the pits.
- b) IF PARKED IN THE UPPER PITS
  - i) Get up to the top of the track up against the wall and enter the pits.

### 4) LIGHTS AND FLAGMAN

- a) A serious habit is beginning to happen at tracks everywhere. Drivers are not paying attention to the flags or the lights. WATCH THE LIGHTS AND FLAGMAN. The flag stand may disqualify you if they feel as if you are ignoring them or not paying attention. These safety measures are in place for everyone’s safety, please pay attention.

### 5) RACE TIME LIMITS

- a) Saturday Night all heat races will have a time limit of one minute per lap. If the field can not complete a heat race within 8 minutes, we will throw the checker flag.
- b) Time limits for features will be one minute per lap. If after reaching the halfway point of the race and the time limit has been reached the next caution will end the race.

- 6) LINEUPS – Pay attention, with this number of cars we cannot come and find everyone. You need to be making your way to the make ready shoots when the race that is 2 before yours is going on the track.

**All times and race lineups are subject to change without notice.**
