

## INFECTION CONTROL PLAN – GALESBURG SPEEDWAY

Limited tickets will be available for the event. Capacity limits per health department order are 700 people in the grandstands. This capacity limit does not apply to the infield and pit areas which are to be kept separate from the grandstand area.

Spectators, teams and those in the pits will be required to provide their name and phone number to the track at the time of entry the facility.

Groups of spectators shall be limited to six people.

MDHHS guidelines will be posted on the Speedway website.

All patrons must wear a mask to enter the facility. Spectators must wear masks in the Grandstands unless consuming food/drink and the groups are practicing social distancing. In the event spectators leave their seat masks must be worn.

All guests are expected to maintain proper social distancing from other groups in the grandstands.

No more than six people from different groups in lines at any given time for the concession stand and/or the restrooms. Social distancing in the lines will be mandatory. Masks must be worn.

Those in the pits and infield are not allowed into the grandstand area without a purchased grandstand ticket (Pit traffic may not cross into grandstands).

**Failure to comply with the full list of coronavirus regulations posted here will be grounds for immediate removal with no refunds. You may also be barred from future events. We need your help to comply with the rules in order to remain open! Please be respectful and understanding of the current times and help us stay open for the remainder of 2021 as these are the things that need to be done for the fans, sponsors and teams to participate in track events.**
